**Consistency**  
**Continuity**  
**Evolution**

MED FRIGO was founded in 1991 in Patras, with a vision to be among the best players in the cold supply chain industry, by achieving continuous and sustainable growth. The firm offers daily top quality logistics services, with its basic principle being to constantly “exceed” the expectations of its partners. Since then and for more than 30 years, the company has been a pioneer in ensuring the uninterrupted supply of perishable and critical products in Europe. Today is being recognized as a leader in Greece and among the 5 largest companies in Europe in terms of its specialization.

The firm operates in privately-owned refrigerated facilities in Patras, Athens and Igoumenitsa, and leased facilities in Thessaloniki. Together with its subsidiary CARGO MED, which manages its own fleet of refrigerated trucks, and the network of selected partners in Greece and Europe, MED FRIGO specializes in the collection, handling, export and import of partial and full loads of food and pharmaceutical products, raw materials and other goods for the Greek market, to and from Europe.

## New Logistics Center in Thriasio Pedio, Attica

Recognizing the ever-increasing needs of cold chain logistics, and following its vision for continuous growth and high quality services, MED FRIGO proceeded to the construction of a new Logistics center near Thriasio Pedio, in Attica, in just 1 Km from the Aspropyrgos junction assuring the easy and quick access via the Attica Road.

In a total area of 22 acres, the new state-of-the-art facilities cover 3.500m<sup>2</sup> of controlled temperature space, including among others, 4 controlled temperature chambers for fresh and frozen products, protected ramps, administration offices, changing rooms and rest area for staff and drivers.

5 logistics centers		>350 fleet
16 European countries		>600 delivery places
>250.000 tons of products per year		>110.000 orders per year
